(Filed October 26, 2001)

**ADMINISTRATIVE LAW JUDGE'S RULING
SETTING DATES FOR FURTHER INFORMATION**

A second telephonic status conference in this matter was conducted on June 25, 2002. The City of Oxnard reported that, in response to issues raised in a diagnostic meeting on May 21, 2002, it plans to serve all parties with a supplement to its application on or before July 31, 2002. Additionally, the City reported that it has commenced an environmental impact report on its proposed at-grade rail crossing and expects to serve that report on all parties on or before October 31, 2002. The City was asked to coordinate its efforts in these matters with Haji M. Jameel, supervising engineer for the Rail Crossings Engineering Section of the Commission, who prepared the Commission's Status Report following the diagnostic meeting. The City also was asked to address concerns raised by the Union Pacific Railroad Company.

The parties agreed that, following receipt of the supplemental information and the environmental report, a final telephone status conference will be conducted by the administrative law judge (ALJ) in November 2002, at which time the parties will address the need for further diagnostic review, Public Participation Hearing, and evidentiary hearing.

IT IS RULED that the City of Oxnard will serve a supplement to its application on all parties and on the ALJ on or before July 31, 2002, and will serve an environmental impact report on all parties on or before October 31, 2002.

Dated June 27, 2002, at San Francisco, California.
